EDGAR M. YOUNG,
 Silver City, N. M., July 14, 1892.

FOR PROBATE CLERK.
 I hereby announce myself as a candidate for the office of Probate Clerk of Grant County, subject to the endorsement of the democratic convention.
EDGAR M. YOUNG,
 Silver City, N. M., July 14, 1892.

Democratic Territorial Convention.

In accordance with a resolution of the democratic Territorial central committee, adopted at a meeting held in Albuquerque on the 9th day of May, 1892, a convention of the democratic party of the Territory is hereby called to meet at Santa Fe, New Mexico, on the 14th day of September, 1892, at 10 o'clock a. m., to nominate a delegate to the fifty-third congress of the United States.

In accordance with said resolution each county in the Territory is entitled to one delegate to said convention for each 150 votes cast for the Hon. Anthony Joseph as delegate to congress at the election in 1890, and an additional delegate for each fraction of the unit of 150 amounting to 100 or more. Under this apportionment the several counties of the Territory are entitled to representation as follows:

Bernalillo.....	9
Chaves.....	2
Colfax.....	2
Dona Ana.....	7
Eddy.....	7
Grant.....	7
Lincoln.....	4
Mora.....	10
Rio Arriba.....	8
San Juan.....	8
San Miguel.....	2
Santa Fe.....	10
Sierra.....	4
Socorro.....	9
Taos.....	6
Valencia.....	6

County committees are requested to make all proper arrangements for the holding of county conventions in ample time in accordance with the practice of the party.

W. H. CHILDS,
 H. B. FERGUSON,
 Secretary.

INTEREST PAYMENTS.

Some of the papers of the Territory are accusing Grant County of repudiation. Nothing could be further from the truth. Grant County is willing and ready to pay every cent that she owes, but no more. Her affairs have been very badly managed for some years past, and it has recently been developed that she has already paid interest on bonds of which she has no record. The commissioners have simply made an order that a full description of all bonds must be forwarded with the coupons for collection. This is simply a business transaction that the bondholders themselves cannot object to.—Enterprise.

It is true that Grant County has paid interest on bonds of which there is no record in this County. It has paid interest on bonds of Sierra, Valencia and Bernalillo counties and the coupons are in the clerk's office to show for it; but this County has not paid one cent of interest on Grant County bonds more than the books show ought to be paid.

There was no necessity for defaulting the July interest on the bonds. If, as the SOUTHWEST SENTINEL suggested, the County commissioners had examined the coupons which had been paid, it would have been found that the discrepancy between the amount paid and the amount which should have been paid was accounted for in the interest coupons of other counties, which had been paid by the treasurer of this County. There is a

book provided and in the vault in the clerk's office in which a record of every coupon paid should be kept. If this had been done the County would have been saved from the disgrace of defaulting interest on her bonds.

It may not be very satisfactory to taxpayers to know that this County has been generously paying interest on bonds of other counties and taking up coupons on the face of which is plainly printed the names of the counties which ought to have taken them up.

The SOUTHWEST SENTINEL again suggests to the County commissioners that the easiest way out of the difficulty is to have a proper record of the cancelled coupons kept, and it might be well to pay the interest coupons now nearly a month overdue and thus preserve the credit which the County has left. This County has nothing whatever to do with interest coupons of other counties, and our taxpayers would be as well satisfied if the payment of them is left to the counties which issued the bonds.

The great Temescal tin mines in southern California are not paying expenses by several thousand dollars a month and are not producing tin enough to supply tin cups to the campaign tin plate orators. This is a serious condition of affairs just at the beginning of a Presidential campaign when the republican candidate is depending mainly upon a protective tariff for our infant industries to pull him out of the slough of despond. The production of the Temescal mines ought to be kept up until after election even if the republican campaign managers have to purchase tin in England and salt the mine to keep up appearances. A heavy output from now until election time reported in detail in the republican papers would be a great argument in favor of the McKinley bill. Where is the chairman of the National republican committee? There is no time to lose. A trusted agent ought to commence negotiations for the purchase of campaign tin immediately.

CONGRESS has made no provision for the erection of a new capitol building at Santa Fe and the residents of that ancient burg will have to content themselves for a season looking at the ruins of our once handsome capitol. It would not be a bad idea for the next legislature to pass an act to submit the question of the location of the capitol to the people at an election to be held when the school elections are held next year. The people of Santa Fe appear to be willing to submit the question to a vote and there will be a deal of satisfaction in knowing whether or not Santa Fe is the choice of a majority of the voters of this Territory for the capital of New Mexico. Santa Fe wouldn't get one vote in a hundred down this way but perhaps Albuquerque and Las Vegas would vote solidly in favor of the antiquated town which has made such an organization as the Santa Fe ring possible.

The Enterprise is very much distressed because the SOUTHWEST SENTINEL gave the reason why the senate did not act on the bill for the admission of New Mexico. The Enterprise has reason to be distressed because the republicans in the senate deny us statehood simply and solely to preserve the republican majority in that branch of congress. Two more democratic members would reduce the majority to the danger line, and the republican senate can be depended upon to do nothing to jeopardize the party there. If New Mexico had been giving safe republican majorities for the past ten years instead of electing a democratic delegate, there would have been no trouble in getting the bill through the senate, and the President would have hastened to sign the bill.

HEREAFTER witnesses and jurors in this County will not be obliged to sell their certificates at a large discount. They will be paid at their face value by the County treasurer. Santa Fe speculators have fleeced the people of the Territory for years, and have grown rich out of speculation in court certificates. Those who were fortunate enough to be on the "inside" could get cash for these evidences of indebtedness while outsiders were told that there was no money in the treasury. It was a pretty smooth game and worked for years.

THE republican party is responsible for the pernicious fee system in vogue in this Territory and it has brought every county in New Mexico to the verge of ruin. A democratic legislature must be elected which will wipe the fee system out of existence in New Mexico.

EVERY democratic senator supported New Mexico statehood, and it seems the only thing accomplished by the republican delegation to Washington was the removal of the two United States paymasters from Albuquerque to Santa Fe through the influence of east-ancho-to-windward Elkins. It is said that Mr. Catron still has much influence with his former law partner Steven B. Elkins, and the removal of the paymasters proves this to be the case. But, oh how that influence withered away when statehood for New Mexico was considered. This sort of work will not tend to benefit Mr. Catron in his canvass, this fall for delegate to congress.—Albuquerque Democrat.

The Democrat might have added that the republican senators are not in favor of statehood for New Mexico until they see whether we elect a republican legislature.

LAST Saturday afternoon an attempt was made to kill H. C. Frick, manager of the Carnegie company, in his private office at Pittsburgh. The attempt was made by Alexander Barkman, a Russian Jew, who recently came to Pittsburgh from New York. He gained access to the office and shot Frick twice in the neck with a .38-caliber revolver and stabbed him with a dirk before he was overpowered and arrested. Frick is very seriously injured, but may recover. No sympathy is expressed for the assassin, even among the workmen at Homestead, and he is certain to get the punishment he deserves.

The delay of the senate in considering the bill for the admission of New Mexico will afford that body an opportunity to see how the next legislature will stand politically and whether there is any chance of gaining two republican senators. The game was played well and the hand of Thomas B. Catron was plainly to be seen. If a republican legislature is chosen and Thomas is sure of election, the republican senate will pass the bill, otherwise we may remain as we are.

THE second victim has been caught for chairman of the National republican committee. The first one was not satisfactory to the bosses, and the second is a mere figurehead who will allow others to manage the campaign and bring about a great democratic victory. Harrison's defeat is now conceded by all well informed republicans, and it is no wonder that nobody of National reputation could be found to officially take the responsibility of conducting the losing campaign.

NEXT November the voters of Grant County will vote for two councilmen and two representatives in the Territorial legislature. Grant and Dona Ana counties are entitled to a member of the council, and Grant, Dona Ana, Lincoln, Chaves and Eddy counties are entitled to another. Grant county elects one representative and Grant and Dona Ana elect another. The four members of the next legislature from these counties must be in favor of abolishing the fee system which is impoverishing every county in the Territory. The fee system must go.

A DESPERATE effort is being made by the bankers in the East to force gold to a premium but the only effect will be to retire some of it from circulation. The banks may hold their reserve in gold and still there will be enough gold, silver and paper in circulation to meet all demands. As long as a silver dollar is legal tender for its face there is no danger that gold will command a premium. Nobody is going to pay a premium for gold when a silver dollar will purchase as many goods and pay as much indebtedness as a gold dollar.

THE bill for the admission of New Mexico to the Union will be taken up in the senate next December, after all the state elections have been held and the state legislatures which are to elect United States senators have been selected. If the senate will remain safely republican with New Mexico in the Union it will be admitted, but if not the senate will not have time to consider the bill.

THE republican party is responsible for the pernicious fee system in vogue in this Territory and it has brought every county in New Mexico to the verge of ruin. A democratic legislature must be elected which will wipe the fee system out of existence in New Mexico.

It has been a good many years since the election of a President has been thrown into the house of representatives but it begins to look as though it would be done this year.

Pennsylvania has not given a democratic majority in a Presidential year since 1856 but it is beginning to show signs of a change.

THERE will be no constitutional convention held in New Mexico this year. Most of the politicians are too busy to attend to it anyway.

BEN BUTLER has been retained by the Homestead steel workmen, and some very interesting developments may be expected before all the suits growing out of the trouble are ended.

THE people's party campaign will be begun today in Denver. A lively campaign will be carried on in the West and Northwest and the electoral vote of several of the states will be taken from the republican column.

STATEHOOD has gone glimmering for the present, but there is some consolation in the fact that our judges and Territorial officials will be paid out of the United States treasury as long as New Mexico is a Territory.

Nobody would be surprised if the people's party should carry more states this fall than the republican party. Voters in the West and Northwest are beginning to get tired of the party which taxes them for the support of others and gives them nothing in return. They are not in sympathy with a policy which will not furnish a market for a bushel of wheat or a barrel of pork.

THE tax rate on property in this County for this year, as fixed by the county commissioners last week is 2.21 without the levy for county expenses. Including the levy for court expenses it is 2.46, which is by long odds the highest levy was made in this County. The necessity for retrenchment in the County expenses becomes more and more apparent.

A ROUSING reception was given to Grover Cleveland and Adlai E. Stevenson in New York last week when they were formally notified of their nomination. If New York democrats turn out with as much enthusiasm on the 8th of November as they did to receive the candidates, the state will be carried by a larger majority than it has given for years.

W. F. HARRITY, of Pennsylvania, has been chosen chairman of the National democratic committee. Harrity is one of the most influential young democrats in the state of Pennsylvania and will undoubtedly lead the democratic forces on to victory. He was nominated by William C. Whitney and was elected without opposition.

Notice of Forfeiture.
 TO JOHN CONGER AND NOBLE CONGER, their heirs and assigns, and to whom it may concern:
 You are hereby notified that the undersigned have expended one hundred dollars (100 00) in labor and improvements upon the Humboldt and mining claim and hole, situated in the Hanover mining district, in the County of Grant and Territory of New Mexico, located on the 30th day of January, A. D. 1892, being the amount required by law to hold the said mining claim for the year ending December 31, 1892, and it is within sixty days after the service of this notice, by publication, upon you, you fail or refuse to contribute your proportion of such expenditure as co-owner, your interest in said mine and mining claim will be forfeited to and become the property of the undersigned, under the provisions of Section 2303 of the revised statutes of the United States.
 JOSEPH SCHLOSSER, JOHN M. STONE.
 May 21, 1892.

Dissolution of Co-partnership.
 Notice is hereby given that the co-partnership of Hubert A. Kammerich last by mutual consent dissolved, to take effect on the 30th day of June 1892. All persons indebted to the above firm will please come forward and pay their indebtedness to Charles Kammerich at once, and all bills due by the said firm will be paid by Charles Kammerich.
 Silver City, N. M., June 27, 1892.
 Chas. Kammerich, Richard Hudson.

The SOUTHWEST SENTINEL is sold at the Post Office News Stand—10 cents a copy.

A Farm For Fourteen Dollars.
 Land office fees for entering 160 acres in Cheyenne & Arapahoe reservation (soon to be opened), are \$14. You pay \$1.50 per acre additional; one-half in two years. This is under homestead act. SANTA FE ROUTE is the only railroad reaching all parts of the new country. Our pandanole line touches north-west corner, and is nearest of any to western half of reservation. Buy tickets to Kiowa, Woodward, Haggins or Canadian, via A. T. & S. F. Good wagon roads from above points to counties D, E, F, and G.
 Oklahoma City, on A. T. & S. F. Texas line, has been designated by U. S. land commissioners as the land office for southern half of Cheyenne & Arapahoe reservation. Two daily trains over A. T. & S. F. to Oklahoma City, and thence by rail to eastern border.
 Don't be deceived by the claims of inferior lines, that only reach one side of the new lands. Local agents of Santa Fe route will be glad to give you a copy of Oklahoma folder, and furnish full information relative to cost of tickets route to take, etc.
